WORK EXPERIENCE

Freelance Web Developer

Self-Employed. *January 2023 — Present*

- Built and updated websites for small businesses and personal projects.
- Worked directly with clients to understand their needs and turn ideas into websites.
- Handled both design and coding, making sure websites looked good and worked well.

Computing Intern

moodLearning Inc. UP Diliman - QC — *February 2025 to May 2025*

- Design and develop scalable server-side solutions for custom Learning Management Systems (LMS) and eLearning platforms tailored to meet specific business needs across industries such as education, banking, pharmaceuticals, and government.
- Build and maintain backend systems using PHP to handle various LMS features, including content management, assessments, user management, and reporting.
- Integrate and support front-end solutions built with Ionic for mobile and web-based access to the LMS.
- Collaborate closely with instructional designers, subject matter experts, and product managers to ensure the smooth implementation of interactive and adaptive learning solutions.
- Develop and maintain APIs to ensure seamless integration with third-party systems, HR tools, and other business software solutions.
- Ensure security, scalability, and performance optimization of backend systems and data flows in diverse enterprise environments.

- Write, test, and maintain clean, scalable code for robust backend functionality, and collaborate on continuous improvement initiatives.
- Participate in technical discussions, sprint planning, and cross-functional team activities to align with project objectives and deadlines.

PROJECT EXPERIENCE:

CAFE QUIXOTIC : AN ECOMMERCE PLATFORM FOR COFFEE (Dec 4, 2023)

Role: Fullstack Developer

The Online Store offers diverse beverages, pastries, and merchandise with Guest and Admin modules, secure payments, 2-Factor Authentication, personalized profiles, intuitive "Add to Cart," and a robust Content Management System for seamless shopping.

CUSTOM LMS & ELEARNING PLATFORMS FOR CLIENTS (Aug 2025)

Role: Backend PHP Developer (WordPress)

Designed and developed scalable server-side solutions for custom LMS using WordPress and PHP, serving industries such as education, banking, pharmaceuticals, and government. Built backend systems for content management, assessments, user management, and reporting; created secure APIs for HR and third-party integrations; ensured security, scalability, and performance optimization; and collaborated with instructional designers, SMEs, and product managers to deliver interactive and adaptive learning experiences.

Echo Scan: Your Personal Recycling Assistant using Flutter (May 6, 2024)

Role: Front-end Developer

A Flutter-powered mobile application utilizing image recognition technology to identify an object's recyclability, providing users with clear guidance for waste sorting and recycling, bridging the gap between environmental intention and actionable impact.

KNOWLEDGE AND ATTITUDE:

Having graduated from TIP-QC with its orientation towards outcome-based education, I have acquired and can demonstrate the following student acquire outcomes (knowledge, skills and attitudes) necessary to the practice of the computing profession:

- Analyze complex problems and identify and define the computing requirements appropriate for solution.
- Use modern techniques and tools of the computing practice in complex activities.
- Understand professional, ethical, legal, security and social issues and responsibilities relevant to professional computing.

- The capacity to pick things up quickly and collaborate with others professionally.
- Ready to receive training.
- Ready to accept new challenges.
- Diligent and quick to pick things up.
- Problem analysis, judgment, and effective problem-solving skills.

EDUCATIONAL ATTAINMENT:

TERTIARY:	Technological Institute of the Philippines Aurora Boulevard, Quezon City, Philippines (2021-2025)
SECONDARY:	Coronados School of Quezon City 28 Ambuklao St, Quezon City, Metro Manila (2015-2019) Technological Institute of the Philippines Aurora Boulevard, Quezon City, Philippines (2019-2021)
PRIMARY:	Pasong Tamo Elementary School 8 Tandang Sora Ave, Quezon City, 1107 Metro Manila (2009-2015)

To the best of my knowledge and belief, I hereby attest that the aforementioned statements are true and accurate.
